Connecting You with the People of East Timor

## **BAGUIA GIFT CARD for Christmas!**

Are you struggling to find a present for someone?

Why not give a **BAGUIA CHRISTMAS GIFT CARD**?

These cards support scholarships for children in Baguia, Timor-Leste – providing them with an opportunity to continue their education, rather than being kept home to cook and clean or tend to the animals and crops. **Just \$25 will support a child for 6 months** at a local government High school, while \$40 will enable them to attend a fee-paying High school for the same period. \$100 enables a child to attend a vocational Senior High school outside Baguia for 6 months to obtain a trade or recognised skill.

### **How it works:**

When you buy a **BAGUIA CHRISTMAS GIFT CARD** your donation supports Friends of Baguia's life-changing work for children in Baguia. Your **tax-deductible donation** will help expand our scholarship program in Baguia. We will send you a **BAGUIA CHRISTMAS GIFT CARD** (enclosed in an organza gift bag), explaining how this gift is helping educate children in Baguia – for you to give as your present.

**Simply send an email to [GIFT@baguia.org.au](mailto:GIFT@baguia.org.au)**

- And provide your name, postal address, the quantity of cards you require, and dollar amount for each (*the cards will not indicate the dollar value of your gift*).
- Indicate how you wish to pay, so we can provide you with the bank account details to make a direct bank transfer or details for cheque payment.

**All enquiries to Derarca - 0412 761 763 or [GIFT@baguia.org.au](mailto:GIFT@baguia.org.au)**

This card will change the life of a child in Baguia, Timor Leste – they will now have the chance to go to school!

*Merry Christmas  
and Happy New Year!*

Friends of Baguia's life-changing work with children in Baguia funds a range of education projects. The primary focus is to provide Scholarships to children whose parents cannot afford to keep them at school.

This gift has provided a child in Baguia with the opportunity to continue their secondary education for 6 months, rather than being kept at home to cook and clean or tend to the animals and crops. Further education means they have the prospect of obtaining a job to take them and their family out of the poverty cycle.
